RESEARCH & DEVELOPMENT COMMITTEE 2020-21

RESPONSIBILITIES:

- ❖ To facilitate and promote research activity.
- ❖ To monitor for improvement of quality departmental research activities
- ❖ To encourage faculty members for individual research projects and publications
- ❖ To encourage students to publish review articles and research articles
- ❖ To encourage publications in peer-reviewed and indexed journals
- ❖ To bring in interdisciplinary collaborations and partnerships nationally
- ❖ To organize National and International Seminars/Workshops/Conferences
- ❖ To encourage to attend National and International Seminars/ Workshops/ Conferences outside college
- ❖ To promote research collaborations with industries
- ❖ To encourage faculty to acquire patents for their findings
- ❖ To obtain research grants from funding agencies
- ❖ To promote research with a scope for commercialization

ENTREPRENEURSHIP DEVELOPMENT CELL 2019-20

RESPONSIBILITIES

- ❖ To instil passion and spirit among students to pursue entrepreneurship.
- ❖ To provide platform for interaction with entrepreneurs from the field of Pharmacy
- ❖ To motivate students to develop their own start-up's
- ❖ To maintain better linkages between the Parent Institution, Industries and R&D institutions in the region and other related organizations engaged in promoting Small & Medium Enterprises (SMEs) including NGOs.
- ❖ To impart entrepreneurial skills among students through various training platforms.
- ❖ To arrange visits to industries for prospective entrepreneurs.
- ❖ To guide and assist prospective entrepreneurs on various aspects such as preparing project reports, obtaining project approvals, loans, and facilities from agencies of support systems and information on various technologies.

Research Policy

- ❖ Faculty and researchers must take up research which may lead to quality presentations and publications at national and international journals of repute. Impact factor provided by Thomson Reuters is in consideration and the institution encourages publications in journals indexed in PubMed, Scopus, Web of Science and Science citation indexing.
- ❖ The research must bring in the potential to generate patents, must be of social and commercial use and may also lead to further research.
- ❖ Research results are considered as one of the criteria in faculty recruitment procedure and promotion along with other academic responsibilities.
- ❖ The institution shall recruit faculty members who display excellent capabilities and research potential. Publications in journals of high repute plays a major role in the aspect of promotions.
- ❖ Scientific Research Committee is responsible for all the research activities at the institute, which will be co-ordinated by the respective HOD and other senior members of faculty
- ❖ Every researcher must demonstrate high ethical standards of conduct at the time of carrying out their research. They must follow the research ethics and plagiarism is considered a serious offence. Every researcher must have integrity and possess academic honesty, and a breach of this may follow appropriate disciplinary action.
- ❖ The institution provides funds to conduct and to attend seminars/ workshops/conferences/ faculty development programmes at national and international levels.
- ❖ Research Policy may be amended and revised according to the further needs and requirements
- ❖ Principal along with the committee will review the output of the research being carried out at the institution periodically, and may suggest required amendments, if any
- ❖ The committee meets twice a year and whenever required.

FACILITIES AVAILABLE:

B. SUBSCRIPTION OF JOURNALS/LIBRARY MEMBERSHIP:

Online National/International Journals are subscribed for promoting research activities.

The Institute have an E-Library with membership/registration for following:

1. DELNET
2. SWAYAM
3. J-GATE

1. DELNET:

DELNET has been established with the prime objective of promoting resource sharing among the library through the development of network of libraries.

The screenshot displays the DELNET website interface. At the top left is the DELNET logo. Below it is a search bar with the text "Search the DELNET Digital Library Resources". A navigation menu includes "Home", "About Us", "Services", "Contact Us", and "Help". The main content area is titled "Full-text Digital Library Resources" and features several categories with icons and brief descriptions:

- E-BOOKS**: Includes a laptop icon and text about digital books.
- E-JOURNALS (Full-Text)**: Includes a tablet icon and text about digital journals.
- Reference Services**: Includes an icon of a person at a computer and text about reference assistance.
- Open Links**: Includes a blue square icon with a white arrow and text about external links.
- Other Online Databases**: Includes a database cylinder icon and text about various online databases.

MEMORANDUM OF UNDERSTANDING BETWEEN
VIKAS INSTITUTE OF PHARMACEUTICAL SCIENCES
AND
GOVERNMENT GENERAL HOSPITAL, RAJAHMUNDRY

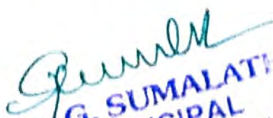

This memorandum of understanding (MOU) is made and entered into force this 1st day of April 2019 between **VIKAS INSTITUTE OF PHARMACEUTICAL SCIENCES, Rajahmundry** represented by its Principal, herein after referred to as **VIPS**, which expression shall where the context so admits mean and include its successors, representatives and permitted assignees of the first part and **GOVERNMENT GENERAL HOSPITAL, RAJAHMUNDRY** represented by its Director, here in after referred to as **GGH**, Rajahmundry which expression shall where the context so admits mean and include its successors, representatives and permitted assignees of the other part.

Preamble:

Whereas Vikas institute of pharmaceutical sciences is a 10 year old premier and reputed institution in academics and research having certifications of ISO 9001:2008 offering pharmacy education and research through B.Pharm, Pharm.D and M.Pharm programs to optimise health and wellness through patient care and affiliated to AU, Visakhapatnam, Approved by Pharmacy Council of India, AICTE, New Delhi.

Where GGH,Rajahmundry is 10 year old 300 bedded premier non-teaching hospital in Rajahmundry supplying healthcare services to East Godavari, Andhra Pradesh and is having many specialized services such as Immunisation unit, Outpatient block, Cardiac care unit, Ortho unit, Gynaecology unit, Male and Female general units, Septic wards, Surgical unit, Burns unit, Arogya sree block, A class ward, ENT unit, Trauma unit, TB ward, Prisoners unit, Pediatric Block, ICU, Clinical laboratory block in addition to the traditional medical services.

Whereas both VIPS and GGH are convinced about the mutual benefit of forging a formal synergistic linkage to develop new collaborated teaching and research programmes in the areas of pharmacy practice and allied health care fields. Now, therefore, in consideration of the premises and mutual conveyance here in after contained the parties agree as follows:

Dr. G. SUMALATHA
PRINCIPAL
Vikas Institute of Pharmaceutical Sciences
RAJAHMUNDRY-533 102.

VIKAS

Institute of Pharmaceutical Sciences

(Approved by AICTE & PCI New Delhi)

E-mail : principalvips@gmail.com
website : www.vipsrjy.org

Scope of work and responsibilities:

The two parties after considering their objectives and strengths have agreed to have understanding for collaboration in the following areas of interest.

- Organizing and participating in joint symposia / conferences / workshops / short term refresher courses.
- Carrying out interdisciplinary research
- Medical and Pharmaceutical consultancy services of mutual interest
- Extending access to library and knowledge sharing facilities mutually for both students and faculty.
- Providing clinical training or internship or residency training to the students of Pharm.D during their course of study.

This will consist of the following:

- Every Pharm.D student of VIPS will be posted in GGH for a period of not less than fifty hours to be covered in not less than 200 working days in each of second, third and fourth year courses.
- Every fifth year Pharm.D student of VIPS will be given internship of residency training for one year by GGH during which period the student will provide clinical pharmacy services to the allotted wards. His/her services will be in the general medicine department from six months and in three other specialty departments for another six months (2 months in each department)
- In all the above referred to programmes the Pharm.D students of VIPS will attend to the allotted duties / training programmes in a punctual manner and disciplined manner and under the supervision of a teaching staff member of the college.
- In the period of training the Pharm.D students are expected to participate in activities like drug store management, storage management, documentation and inventory control in drug store management, storage medicines, dispensing procedures to inpatients and to outpatients, patient counseling in OP, patient counseling in in-patients, drug information, therapeutic drug monitoring, reporting of adverse drug reactions and understanding pharmoeconomics. They are also expected to participate in clinical research and carry out their research projects in GGH under the joint guidance of one guide in VIPS and one guide from GGH.
- In the process of this training the students of Pharm.D, in co-operation with patients, prescribers and other members of an inter-professional health care team learn to
 - Participate in patient care and in clinical pharmacy services
 - Learn to manage the resources of health care system to promote health and
 - To develop leadership skills and communication skills

- **Duration:** This memorandum of understanding shall be valid for a period of 10 years from the date of signing of the same and thereafter can be renewed for a further period as may be mutually agreed upon.
- **Modification:** No modification to this memorandum of understanding shall be binding unless made in writing and signed by both parties.
- **Facilities:** GGH will extend some facilities to the staff and students of VIPS such that the clinical pharmacy services can be most effectively provided by them and the students can learn effectively and therapeutic monitoring services can be supplied by VIPS which will enhance the patient care to very high levels. To facilitate effective pursuit of clinical pharmacy services, GGH will be given access to additional space for carrying outpatient counseling in OP, a class room that can seat 30 students.
- **Clinical Attachment Fee:**
The Pharmacy College will have to pay prescribed Clinical Attachment fee for the period above six months @ Rs.500/- per student for one academic year.
- **Internship Fee:**
Each internee shall have to pay of Rs.10,000/- in lump sum for doing internship before the start of internship for the entire duration.

The following rules will be observed in the Hospital during clinical attachment.

1. Teacher or Teaching Associate who accompanies the students' batch will be responsible for the conduct and behavior of the students holding appointments or attending the wards or the departments.
2. All students while on duty in the hospital are under the control of the RMO and their Teacher / Teaching Associate. Students desirous of an interview with the Director should apply to the Teacher / Teaching Associate / RMO.
3. No students except those on duty may be present in the hospital premises beyond 4.00PM under any circumstances whatever except with the written permission of the Resident Medical Officer.
4. The following are the ordinary duty hours of the hospital:

Out Patient : 9:00AM to 1:00 PM

In-Patient : 10:00AM to 12:30PM and 2:00 to 4:00PM
5. All students are required to equip themselves with their own appliances.
6. Students will be required to pay for any hospital appliances which may be broken or destroyed through their carelessness / handling.

7. Students should always remember that they are working in a hospital and that the patients given into their charge are sick requiring kind and thoughtful attention. What has been said clinically regarding a patient is not to be repeated to them or to others by any of the students attending classes.
8. Teacher / Teaching Associate accompanying the student is responsible for attendance of students posted to the wards for clinical instruction at 9:00AM daily.
9. Students will not make any entries in the case sheets. They shall have to write their case notes in their clinical observation note books and those notes will be checked and signed by their Teacher / Teaching Asst / Teaching Associate before getting certificate from Chief of the Units. So, as to ensure proper clinical training to the students, log books should be maintained by every student.
10. The posting of students to the wards and departments, will be made by the hospital authorities (RMO) in consultation with professor of Pharmacy to suit their requirements.
11. The hospital will prepare for the VI years "Assessment card for internship programme". For undergoing internship for one year, during which period the student will provide clinical pharmacy services to the allotted wards, the following schedule will be adopted.

Clinical Internship Postings – Pharm.D

General Medicine (Including Skin & Cardiology,	- 6 Months
Chest & Communicable diseases & Psychiatry)	
Pediatrics	-2 Months
OB & Gynaec	- 2 Months
Surgery	- 2 Months

16. Group gossips among students should be avoided.

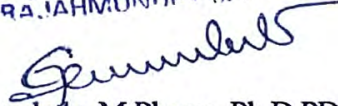

Both VIPS and GGH believe and expect that the synergistic association between the two giants in academics and health care would lead to both parties achieving higher levels of success and that it will be leading to a goal of excellent pharmaceutical care. Thus these parties feel pleased and privileged to enter into this memorandum of understanding.

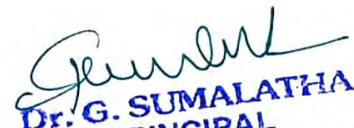

Both parties value the extremely positive spirit of this MoU and would strive to continuously implement and develop the various facets of the MoU.

In witness where of, the parties here to have signed this MoU on 1st day of April 2019 and agree that the effective date of this MoU shall be this 1st day of April 2019.
