### Scope of work and responsibilities:

The two parties after considering their objectives and strengths have agreed to have understanding for collaboration in the following areas of interest.

- Organizing and participating in joint symposia / conferences / workshops / short term refresher courses.
- Carrying out interdisciplinary research
- Medical and Pharmaceutical consultancy services of mutual interest
- Extending access to library and knowledge sharing facilities mutually for both students and faculty.
- Providing clinical training or internship or residency training to the students of Pharm.D during their course of study.

### This will consist of the following:

- Every Pharm.D student of VIPS will be posted in GGH for a period of not less than fifty hours to be covered in not less than 200 working days in each of second, third and fourth year courses.
- Every fifth year Pharm.D student of VIPS will be given internship of residency training for one year by GGH during which period the student will provide clinical pharmacy services to the allotted wards. His/her services will be in the general medicine department from six months and in three other specialty departments for another six months (2 months in each department)
- In all the above referred to programmes the Pharm.D students of VIPS will attend to the allotted duties / training programmes in a punctual manner and disciplined manner and under the supervision of a teaching staff member of the college.
- In the period of training the Pharm.D students are expected to participate in activities like drug store management, storage management, documentation and inventory control in drug store management, storage medicines, dispensing procedures to inpatients and to outpatients, patient counseling in OP, patient counseling in in-patients, drug information, therapeutic drug monitoring, reporting of adverse drug reactions and understanding pharmoeconomics. They are also expected to participate in clinical research and carry out their research projects in GGH under the joint guidance of one guide in VIPS and one guide from GGH.
- In the process of this training the students of Pharm.D, in co-operation with patients, prescribers and other members of an inter-professional health care team learn to
  - Participate in patient care and in clinical pharmacy services
  - Learn to manage the resources of health care system to promote health and
  - To develop leadership skills and communication skills

- **Duration:** This memorandum of understanding shall be valid for a period of 10 years from the date of signing of the same and thereafter can be renewed for a further period as may be mutually agreed upon.
- **Modification:** No modification to this memorandum of understanding shall be binding unless made in writing and signed by both parties.
- **Facilities:** GGH will extend some facilities to the staff and students of VIPS such that the clinical pharmacy services can be most effectively provided by them and the students can learn effectively and therapeutic monitoring services can be supplied by VIPS which will enhance the patient care to very high levels. To facilitate effective pursuit of clinical pharmacy services, GGH will be given access to additional space for carrying outpatient counseling in OP, a class room that can seat 30 students.
- **Clinical Attachment Fee:**  
The Pharmacy College will have to pay prescribed Clinical Attachment fee for the period above six months @ Rs.500/- per student for one academic year.
- **Internship Fee:**  
Each internee shall have to pay of Rs.10,000/- in lump sum for doing internship before the start of internship for the entire duration.

**The following rules will be observed in the Hospital during clinical attachment.**

1. Teacher or Teaching Associate who accompanies the students' batch will be responsible for the conduct and behavior of the students holding appointments or attending the wards or the departments.
2. All students while on duty in the hospital are under the control of the RMO and their Teacher / Teaching Associate. Students desirous of an interview with the Director should apply to the Teacher / Teaching Associate / RMO.
3. No students except those on duty may be present in the hospital premises beyond 4.00PM under any circumstances whatever except with the written permission of the Resident Medical Officer.
4. The following are the ordinary duty hours of the hospital:  
  
Out Patient : 9:00AM to 1:00 PM  
  
In-Patient : 10:00AM to 12:30PM and 2:00 to 4:00PM
5. All students are required to equip themselves with their own appliances.
6. Students will be required to pay for any hospital appliances which may be broken or destroyed through their carelessness / handling.

7. Students should always remember that they are working in a hospital and that the patients given into their charge are sick requiring kind and thoughtful attention. What has been said clinically regarding a patient is not to be repeated to them or to others by any of the students attending classes.
8. Teacher / Teaching Associate accompanying the student is responsible for attendance of students posted to the wards for clinical instruction at 9:00AM daily.
9. Students will not make any entries in the case sheets. They shall have to write their case notes in their clinical observation note books and those notes will be checked and signed by their Teacher / Teaching Asst / Teaching Associate before getting certificate from Chief of the Units. So, as to ensure proper clinical training to the students, log books should be maintained by every student.
10. The posting of students to the wards and departments, will be made by the hospital authorities (RMO) in consultation with professor of Pharmacy to suit their requirements.
11. The hospital will prepare for the VI years "Assessment card for internship programme". For undergoing internship for one year, during which period the student will provide clinical pharmacy services to the allotted wards, the following schedule will be adopted.

### Clinical Internship Postings – Pharm.D

General Medicine (Including Skin & Cardiology, Chest & Communicable diseases & Psychiatry)	- 6 Months
Pediatrics	-2 Months
OB & Gynaec	- 2 Months
Surgery	- 2 Months

12. Students admitted for clinical training / internship must confirm to the rules and regulations of the hospital and should behave properly with the hospital staff and authorities and with their colleagues and any misconduct by a student will be dealt with by immediate discharge of the concerned student from the training / internship.
13. Students will assist in the bio-medical waste management in the hospital premises.
14. They should be properly identified in their dress code with name and course badge.
15. The students should also behave in a kind manner with the patients. Any complaint from the patients will be view seriously.

16. Group gossips among students should be avoided.

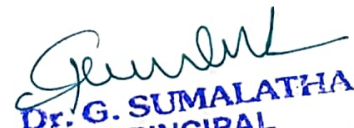

Both VIPS and GGH believe and expect that the synergistic association between the two giants in academics and health care would lead to both parties achieving higher levels of success and that it will be leading to a goal of excellent pharmaceutical care. Thus these parties feel pleased and privileged to enter into this memorandum of understanding.

Both parties value the extremely positive spirit of this MoU and would strive to continuously implement and develop the various facets of the MoU.

In witness where of, the parties here to have signed this MoU on 1<sup>st</sup> day of April 2019 and agree that the effective date of this MoU shall be this 1<sup>st</sup> day of April 2019.
