Report on Staff Annual Code of Conduct Programme 2017-2018

Personality is the most characteristic integration of an individual's model of behavior, interests, capabilities, abilities and aptitudes. For the integration of personality, it is necessary that the person maintains a balanced, healthy and positive outlook on life. Hence, it is essential that our teachers and students have a basic sense of direction in order to cultivate moral, ethical and human values. As torch bearers and mentors who guide students, they need to adopt sound and healthy guidance and serve as a constant source of support and encouragement for them.

The guest speaker Dr. D. Sri Lakshmi Assoc. Professor from Aditya College of Pharmacy, Dept. of Pharmaceutical Chemistry addressed the faculty on this behalf and shared overall development of the individual which envisages the moral, spiritual and intellectual development as well as personal and professional development of the individual.

Conflict of interests
