Report on Student Annual Code of Conduct Programme 2019-2020

Vikas Institute of Pharmaceutical Sciences (VIPS) organized an Annual Awareness Programme on Code of Conduct on the theme "Two day Skill development Programme" on 09.08.2019 at 10:30 am in auditorium.

The session started with the welcome note by Vice-Principal Dr. G. Sumalatha, she addressed the gathering and highlighted the essence of skill development programmes in student career. She invited the resource person to take forward the session.

The resource person Dr. Jagannadh Rao, mentioned Skill is like a tool, a tool that enhances your output as well as saves your time. So it is always a win-win situation for someone who is strong and sound with their skills. Take for instance, leadership. Leadership was considered to be a trait which could only be inherited and not developed over time. But with India's rapid growth in recent years, driven by the new age industries, need for skill has overpowered the need for talent.

The session was concluded and students shared their take away points from the session and the vote of thanks was conveyed by the senior student.
