Report on Annual Code of Conduct Programme for Administrative and Non-teaching Staff 2016-2017

Vikas Institute of Pharmaceutical Sciences (VIPS), always provides rich opportunities for personal growth and cultural development. Students find a meaningful and lasting community experience on the campus, with the support of administrative staff and teaching staff. We also believe that it is through meaningful interaction and conversations with the teaching and non-teaching staff equip them to face the challenges of life and also help them to shape the world.

Later part of the talk was about the various codes of conduct that every staff member has to follow as part of the college. This included diverse aspects ranging from dress code to cyber security policies and employee relationships. Dr. Rao VSV Vadlamudi also touched upon the policies regarding solicitation and distribution and workplace visitors. Having laid down the ground rules for the employees, the Principal welcomed the new members to the VIPS family and expressed his gratitude for enriching the legacy of the VIPS community.
